

Free Continuing Education for Respiratory Therapists

Ventec Life Systems offers two ways to obtain continuing education units (CEU) accredited by the American Association for Respiratory Care (AARC) Continuing Respiratory Care Education (CRCE) system.

Who can obtain Ventec's CEU?

CEUs may be most applicable to respiratory therapists, check with your licensing body for specific questions.

How can I obtain the CEU?

Two ways to take advantage of Ventec's CEU offering:

1. In-Person

Ventec Clinical Specialists will offer "Providing Integrated Care with VOCSN Multi-Function Ventilator: In-Person Workshop" as part of an in-person VOCSN clinical training.
2.5 contact hours of CEU.

2. Online

Complete the online course "Providing Integrated Care with VOCSN Multi-Function Ventilator: Online."
2.0 contact hours of CEU.

Get started at VentecLife.com/Training.

Frequently Asked Questions

How many CEUs can I earn from each course?

Upon meeting the requirements, you will receive 2.5 hours for the in-person workshop and 2.0 hours for the online course.

Can I take both courses?

Technically, yes. But please note both courses cover the same topic.

Do I need to be an AARC member to obtain CEU?

No.

How do I arrange for an in-person workshop at my institution?

To schedule VOCSN training along with "Providing Integrated Care with VOCSN Multi-Function Ventilator: In-Person Workshop," please fill out the form at VentecLife.com/Training.
